With respect for individuality, race, diversity, and culture, the Covington community will develop citizens of character and engage in high levels of learning to ensure all students thrive in college, career, and life within a multicultural society.

We will work collaboratively with one another to plan, develop and implement lessons that support an engaging and rigorous curriculum. We will deconstruct the TEKS, share instructional strategies, plan formative and summative assessments and provide a variety of opportunities for students to demonstrate mastery. We will monitor student progress by using assessment data (formative and summative) to plan for enrichment and intervention supports. We will model cultural proficiency, cultural responsiveness, and cultural inclusiveness with respect for all cultures and individuality, including the choices and rights of all. We will empower students to discover their own unique gifts and talents by providing them with opportunities to explore the arts and engage with technology.
