Prepared by the AISD PD

minimum level of force which is reasonably necessary to bring an incident under control, while protecting the life of the officer and others. The amount of force used should reflect the level necessary to bring a situation under control. When an officer responds to an incident and when force is used to control a situation, AISD PD policy requires that the event be documented on the Use of Force Report Form, to include a description of the type of force used (i.e., hands, impact weapon, chemical weapon, Tasers (conductive energy devices), less lethal munitions, handgun, etc.). The Department voluntarily implemented collection of use of force information in effort to better understand the conditions under which officers use force, and to assist supervisors in reviewing use of force events. The Department also utilizes use of force data to improve training
